Nova Scotia Teachers Union

OFFICE OF THE PRESIDENT

DR. TOM PARKER BUILDING

Dear NSTU School Representative,
Welcome to another school year and thank you for taking on one of the most important leadership roles within our Union.

Whether you are a new school rep or returning to the role, I want to express my sincere appreciation for your willingness to serve your colleagues and help strengthen our profession. School reps are the foundation of the NSTU. You are often the first person members turn to when they have questions, need support, or want to better understand what is happening within the Union. The work you do helps ensure members stay informed, connected, and engaged.

Being a school rep is about more than sharing information. It is about building relationships, fostering solidarity, and helping create a culture where members know they have a voice and are supported. Your leadership helps connect individual members to their Local, Regional Representative Council, and the NSTU as a whole.

Throughout the year, the NSTU will continue to provide resources, training, and support to help you succeed in your role. If you have the opportunity to attend school rep training through your Local or Regional Representative Council, I strongly encourage you to participate. These sessions provide valuable information, practical tools, and an opportunity to connect with other school reps who share many of the same experiences and challenges.

The NSTU offers a wide range of services and supports to members, including advice on collective agreement matters, professional support, health and safety resources, and opportunities for professional learning. As a school rep, you play an important role in helping members access these services when they need them. Remember that you are not expected to have all the answers. Your Local Executive, Regional Representative Council, and NSTU staff are always available to assist you.

One of the things I enjoy most as President is visiting schools, attending Local meetings, and connecting with members across the province. These conversations help me better understand the successes, challenges, and priorities of our members. If your school is celebrating an achievement, hosting an event, or facing a challenge that you think I should know about, I encourage you to reach out. I can always be contacted at president@nstu.ca.

Thank you for your commitment, your leadership, and your dedication to supporting your colleagues. The strength of our Union comes from members like you who are willing to step forward and serve. I wish you a successful, safe, and rewarding year ahead.

In solidarity,

A handwritten signature in black ink, appearing to read 'Peter Day', written over a large, stylized letter 'B'.

Peter Day
President, NSTU

ROLE OF THE NSTU REP

Duties for NSTU representatives include, but are not limited to:

- The timely distribution and posting of NSTU information received through the provincial NSTU representative network.
- The timely distribution and posting of information received from the NSTU Local.
- Directing members' requests to the appropriate Local, regional, or provincial support persons.
- Updating membership registry data at the Rep's educational site.
- Requesting time on the staff meeting agenda for NSTU updates.
- Calling other meetings as necessary.
- Assisting new members to become informed NSTU members.
- Identifying themselves to all members new to their educational site.
- Ensuring all members understand the NSTU representatives' roles and duties.
- Conducting other functions as outlined in NSTU Operational Procedures, including conducting NSTU votes on-site, etc.

As NSTU Rep you will be called upon to:

- Assist in verifying Membership information (see below – Membership Registry).
- Check the contractual status of term, probationary, and permanent contract teachers in your school in November as a follow-up to the information provided in Article 48.01 of the Teachers' Provincial Agreement.

Contact information for NSTU Representatives is drawn from the Membership Registry. (**Please Note:** NSTU Reps do not have the ability to self-identify as Reps. Local Presidents will identify these assignments.)

Membership Registry

NSTU Representatives should be updating the membership registry online and in real time. When updating the site list, the changes are made to the database immediately ensuring the Union's membership information is current and accurate.

Individual members can also update all their personal, employment, assignment, and contact information.

Membership figures are pulled from the Registry on the first Monday in December and the last Monday in March each year. NSTU representatives are responsible for ensuring the accuracy of the site information within the Membership Registry. All site updates should be completed at least one week prior to each of the above mentioned dates and may be completed any time

prior to that point. The following instructions are intended to assist you with this process. For your convenience we have included separate site management instructions for NSTU reps and instructions for members to access their individual profile.

Should you require additional information please contact webaccounts@nstu.ca.

Site Management Instructions – NSTU Representatives

The instructions below will also available in PDF format, with screenshots, on the NSTU website.

Access your personal profile in the NSTU Membership Registry. Access to the Membership Registry is available by clicking on the link located on the NSTU homepage or by going directly to www.nstucentral.ca. (**Please Note:** Access to your profile is based on your NSTU username and password.)

Once you login a dashboard will appear. As an NSTU Rep you will be presented with two options. You may either “Edit Profile” (your personal information) or “Edit Site”, information related to your education site, two-factor authentication options and your personal profile. You will also see these options down the side of the dashboard.

Edit Site

If you click on “Review Site List” or “Manage Site Membership” you will be presented with the site list.

If a member on the list is no longer at the site, and you know the reason why, you should click on “Employment Status” and select the reason. If the member has retired please check the “Retired” box. If you are uncertain of the reason they are no longer at the site you may select “Unknown” from the dropdown list.

If you select “New Site” from the dropdown list another field will appear. Once you begin to type a site name into the field it will present you with options. Click on the name of the site and it will pop into the field.

If a member is missing from the site click on the “Add Member” button and enter their professional number into the search field. The system will present you with a list of names which will narrow down to a single name once all the digits have been entered. “When you see the correct name, select it. Once it replaces the number in the box select “Add”. This will add the member to the bottom of the list. (**Please Note:** Once any changes are made the list will autosave. When the page is refreshed, the name will move to the appropriate spot alphabetically.)

If the member is NOT in the system you will receive the message “no result found”. If this occurs, please ensure that the member completes a “Membership Information” form and submits it to Central Office so that we may enter them into the system. Once they have been entered they will automatically appear on your site. (**Please note:** This process only needs to happen

once, at their first term contract site). Until the member completes and submits the “Membership Information” form, that person will not be included in the membership database and; therefore, not in the Local’s membership numbers. **(Please Note:** “Membership Information” forms may be completed and submitted electronically. The forms are available on the NSTU website under the menu item “Communications” – submenu item “Online Forms.”)

When you are satisfied that all the necessary changes have been made to the list simply click the “Confirm this list is correct” button.

(Please Note: Additional changes may still be made after both these steps.)

FIRST TIME USERS – Personal Profile Access Instructions

Access your personal profile in the NSTU Membership Registry. Access to the Membership Registry is available by clicking on the link located on the NSTU homepage or by going directly to www.nstucentral.ca.

The next screen will be the login page. Login to your profile is based on your NSTU account username and password. **(Please Note:** you will require an NSTU account to access your personal profile in the NSTU Membership Registry)

If you do not have an NSTU username simply follow this link: (<http://www.nstu.ca/the-nstu/communications/nstu-account/>) to the page containing activation information. Please read the information on the page carefully before activating your account.

C. GLOSSARY OF UNION TERMS

The following glossary may help you to understand and explain some common union terms to Members on your staff.

arbitration – A method of settling disputes through the intervention of a third party whose decision is final and binding. Such a third party can be either a single arbitrator, or a board consisting of a chair and one or more representatives. Arbitration is used to resolve grievances and regional bargaining impasse.

C.T.F. – Canadian Teachers' Federation, representing affiliated Canadian teacher organizations.

collective agreement – A contract (agreement and contract are used interchangeably) between one or more unions acting as bargaining agent, and one or more employers, covering wages, hours, working conditions, fringe benefits, rights of workers and union, and procedures to be followed in settling disputes and grievances.

collective bargaining – Method of determining wages, hours, and other conditions of employment through direct negotiations between the union and the employer. Normally the result of collective bargaining is a written contract that covers all employees in the bargaining unit.

conciliation and mediation – A process which attempts to resolve disputes by compromise or voluntary agreement. In contrast with arbitration, the mediator, conciliator or conciliation board does not bring in a binding award and the parties are free to accept or to reject its recommendation. The conciliator is often a government official while the mediator is usually a private individual appointed as a last resort.

CONTACT – Conference On New Techniques And Classroom Teaching; a collaborative initiative of the four Atlantic Province teacher organizations.

contract proposals – Proposed changes to the collective agreement put forward by the union or the employer and subject to collective bargaining.

contracting out – Practice of employer having work performed by an outside contractor and not by regular employees in the unit.

D.S.S. – Developing Successful Schools Institute; a leadership training opportunity for administrators or prospective administrators which is co-sponsored by the four Atlantic Province teacher organizations and the Public School Administrators Association of Nova Scotia.

fringe benefits – Non-wage benefits, such as pensions, health and welfare provisions, life insurance, etc., the cost of which is borne in whole or in part by the employer.

grievance – Complaint by a party to a collective agreement that the collective agreement has been breached. Procedure for the handling of grievances is defined in the Regional or provincial agreements.

injunction – A court order restraining an employer or union from committing or engaging in certain acts. An ex parte injunction is one in which the application for the injunction is made in the absence of the party affected.

Local (Union) – The basic unit of union organization. The NSTU is divided into 22 locals: 20 are based on geographical regions, one corresponds to CSAP Members, and one corresponds to APSEA Members. These locals have their own constitutions and elect their own officers.

lockout – A phase of a dispute in which management refuses work to employees or closes its establishment in order to force a settlement on its terms.

picketing – Patrolling near employer's place of business by union members—pickets—to publicize the existence of a dispute, and persuade workers to join a strike, or join a union.

REWC – Regional Economic Welfare Committee. This is a sub-committee of the RRC. Its mandate is to prepare the regional asking package, negotiate a contract with the Regional Centre for Education and ensure proper implementation of the contract.

RRC – Regional Representative Council. Comprised of representation from each of the Locals within a region. It consists of Local Presidents, Local First Vice-Presidents, up to two other individuals from each Local, the RRC Chair, and Provincial Executive Members from within the region. The RRC deals directly with the Regional Centre for Education.

strike – A cessation of work or a refusal to work or to continue work by employees in combination or in accordance with a common understanding for the purpose of compelling an employer to agree to terms or conditions of employment. Usually the last resort of collective bargaining, when all other means have failed. Except in special cases, strikes are legal when a collective agreement is not in force. Rotating strike is a strike organized in such a way that only part of the employees stop work at any given time, each group taking its turn. Wildcat strike is an illegal strike.

strike vote – Vote conducted among members of a union to determine whether or not to authorize the union to take job action.

work-to-rule – A deliberate slowing down of work effort, in order to raise the employer's awareness of a particular issue or issues. Work-to-rule is a form of strike action.
