Dear Ms Doucet and members of the NSTU,

The Executive Committee of the Faculty Union of the Nova Scotia College of Art and Design (FUNSCAD) has voted to send you a message of support for your efforts to achieve a new and fair contract. Like many, we have been dismayed by the Nova Scotia Government's handling of disputes in the education sector and its refusal to provide adequate funding to schools and universities. We recognize that decent working conditions also result in better learning conditions for students, and we support your efforts on this front.

In solidarity,

Mathew Reichertz, President FUNSCAD
