

PETER DAY *for*

I have used my voice to advocate for teachers' rights and to improve classroom conditions. From speaking at law amendments on both the imposed contract and the implementation of the Glaze report, to media interviews, and social media use to bring awareness to the very real working conditions in schools today, I have represented the membership.

PRESIDENT

A STRONG *Voice*

A PROVEN *Voice*

YOUR *Voice*

Safety in the workplace, violence in schools, and working conditions are issues that can look very different for different members. As a union, we need to better support the membership on how to deal with these issues by giving clear guidance and representation. As NSTU President, I want to ensure members have full, inclusive access to union services provided in this ever changing climate.

Secretary
1st VP
School Rep for several schools
Member of various local committees (PA/PR, PD, Social,
Finance, Communications)

Peter has the plethora of experiences in the NSTU at local, regional, and provincial levels which are natural assets to a future NSTU President. I have had the opportunity to work with Peter in many capacities within the organization and I know that he has a unique, inclusive, vision that is responsive and collaborative. His experiences at the provincial level as a table leader, provincial executive member, and member of several committees facilitate a rich understanding of the global role of the NSTU President. Peter will serve our members well.

*Scott Murchison, Cape Breton District Local
Vice President Communications & Equity
Board of Directors Sheemoroil Foundation*

"I worked with Peter when we were both on the Provincial Executive. Seeing him in action then convinces me that as NSTU president, he would work for all members province-wide and will speak out relentlessly against issues that adversely affect members. The NSTU president is the public face of our union and Peter Day will answer the tough questions from the media by giving truth with clarity."

*Crystal Isert
Former Provincial Executive for Halifax County*

Peter Day has the right experience and insight to help guide the NSTU through upcoming pension-funding reform and next round of bargaining. His presence at the Provincial Executive table has helped the NSTU transition through its most difficult times. I respect that, and offer him my full support.

*Doug Read
Pictou Local President*
